

Introduction

Ivon Blumer Architects is an established award winning architectural practice based on the south coast. We have the expertise to tackle a wide range of architectural and design orientated projects with both commitment and enthusiasm.

The practice is committed to providing a professional design service, developing lasting relationships with clients through team experience and continued improvement based on innovative design and technical excellence.

We offer a free initial consultation for any potential building project. Our fees are competitive, but we aim to deliver buildings only of the highest quality. The practice is registered with the RIBA and carries the appropriate professional indemnity insurance.

If you would like further information or to discuss your specific requirements please telephone or e-mail Ivon Blumer.
